

FLEXIBLE MEMBERSHIP SCHEME
Simpler, Better Value, Fewer Restrictions

The Flexible Membership scheme delivers golf that is tailor-made for people who want to enjoy great golf and an association with the fantastic Knaresborough Golf Club, without the commitment of a full membership. The principle is that participants pay an annual fee to include credits for use against rounds of golf. Flexible Members can then top up the credits to suit the amount of golf they wish to play. Credits are simply deducted in the Professionals Shop before the commencement of each round.

Flexible Membership is aimed at the new or occasional golfer who wants to enjoy the experience of a golf club. It is designed to suit people who have a lifestyle that may restrict the number of times you are available for play throughout the year. It can also provide a stepping stone into fuller membership, enabling you to gain and hold a CONGU handicap and participate in many Club competitions. A flexible member may play from 12 noon on a Saturday and after 8am on all other days.
